

Pest Management Enterprise

Spiders Treatment Preparation sheet

Prior to our technician's Arrival:

Please review & complete all the necessary preparations listed below. These steps will ensure that your Technician is able to provide an effective and safe treatment

Preparation Process

General

- ❖ Move all furniture at least 2 feet away from the wall, heaters and radiators so spray can be applied to baseboard perimeters
- ❖ Clear out all closets and move beds two feet from the wall

Pets

- Birds and Pets must be removed from the premises for 4 hours.

Important Reminder You will need to vacate the Area.

- It is necessary for you or your pets to be out of your home during the treatment and to stay out for 4 hours after the treatment.

Upon Re-entry open the windows for 20 minutes to properly ventilate the treated room.

Pest Management Enterprise

The California Department of Pesticide Regulation (CDPR) and the Structural Pest Control Board (SPCB) enforce state laws and regulations pertaining to pesticide use, sales, licensing, worker protection safety. All companies and workers must meet state regulations to conduct business within the structural pest control board. All chemicals purchased and used in the state of California must be regulated by CDPR and SPCB

ANTES DE LA LLEGADA DE NUESTRO TÉCNICO:
POR FAVOR REVISE Y COMPLETE TODAS LAS PREPARACIONES NECESARIAS INDICADAS A CONTINUACIÓN.
ESTOS PASOS AYUDARA QUE SU TÉCNICO PUEDA BRINDAR UN TRATAMIENTO EFECTIVO.

Processo de Preparacion

General

- ❖ Mueva todos los muebles al menos a 2 pies de distancia de la pared, calentadores y radiadores para que se pueda aplicar el spray a los perímetros.

- ❖ Limpiar todos los armarios (closets) y mover las camas a 2 pies de la pared

- ❖ Toda persona y mascota necesita salir del hogar durante y despues de 4 horas que el tratamiento lleve acabo.

After the Treatment

The products applied will only be effective if the following steps are taken after your home is serviced:

- DO NOT use other pest control chemicals (powders or sprays) or cleaning products near areas that have been sprayed, as this will decrease or eliminate the effectiveness of the treatments.

Pest Management Enterprise

- Upon re-entry to your home, do not wash any of the baseboards for a period of at least 2 weeks. The pesticide residual effects lessen by washing.

Después del tratamiento

- Los productos aplicados solo serán efectivos si se toman las siguientes medidas después de que se haya reparado su hogar:
- NO use otros productos químicos para el control de plagas (polvos o aerosoles) o productos de limpieza cerca de las áreas que han sido rociadas, ya que esto disminuirá o eliminará la efectividad de los tratamientos.
- Al reingresar a su hogar, no lave ninguno de los zócalos por un período de al menos 2 semanas. Los efectos residuales de pesticidas disminuyen con el lavado.
