

Pest Management Enterprise

Bee Treatment Guidelines and Liability Waiver

General information to stay safe during & after treatment:

- Please stay away from the area while being treated by the technician. It is preferred residents are inside and or in a completely different location while bees are being treated.
- Avoid touching and disturbing the treated area.
- Be aware of your surroundings and watch for bees.

Once treated please exercise caution and stay away from the treated area

- Treatment may cause increase bee activity
- Bees may be aggressive during treatment
- If you are allergic to bee stings the treated area may pose a risk. Please be cautious.

Failure to follow our safety guidelines may result in getting stung by bees.

Please be aware and exercise precaution

Pest Management Enterprise

**Liability Waiver:**

This pest control bee waiver is a document where the resident releases the following company: Pest Management Enterprise from liability for any damages or injuries caused by the pest control treatment. This waiver essentially protects Pest Management Enterprise from claims arising from treatment, such as bee stings or allergic reactions from getting stung.

Acknowledgement:

The residents acknowledge that they have understood the warning guidelines before and after treatment. By signing below the residents acknowledge the terms of the waiver and that they are voluntarily releasing Pest Management Enterprise from liability. Thank you for your Cooperation.
